Help me refer a member

This document shows you how you can refer members and get them started.

Use your resource centre (Magic account) for further help files on step 4, 5 and 6 if needed.

Step 1 – Set up your account *(Magic account)*

- A. As a DailyPokerMagic member your account is set up with your own bonus code and cell phone number for marketing purposes. If you haven't set your account up with a phone number you can add one at any time for SMS marketing from your concept account profile.

Step 2 – Your contact

- A. Before you invite your contacts to DailyPoker it is wise to talk to them in person or by phone. How much you tell them at first depends on the type of person you are referring, and timing.
- B. At least tell that DailyPoker is different from everything else. They will get commission on all their activity and they will be invited to a €3.200 freeroll when they play their first hand.
- C. One of 10 commission types is a special system enabling commission from up to thousands of strangers automatically every month. If the moment isn't right assure them that they will learn everything about every commission types from you and the resource centre soon.
- D. Assure your contacts that this is teamwork and that you will help them achieve their goals as you only achieve success by helping others. Tell them about any special promotions running.

Step 3 – Invite

- A. Go to the marketing section (Magic account) and choose a marketing tool. Referral ID is automatically set if you use the email invitation or referral link option. If you choose to give them your bonus code from your promo cards or your phone number from the SMS tool, they have to put it in manually when they activate their Magic account.

Step 4 – Register/activate the accounts

- A. Your contact now have a bonus code or an automatically link and is ready to register.
- B. You should be with them or on the phone/chat through the registration process.
- C. Up to 20 minutes after they registered their player account they will receive an email regarding activation of their Magic account. Help them through this activation process.

Step 5 – First real money hand

- A. Your business grows when your network plays, so help your contacts to play the first real money hand when they are ready (does not need to be the first day).

Step 6 – Follow up

- A. Use the "First 30 days and strategies" document on how to follow up your contacts. Teamwork!
